LONE MANGA!

PRESENTS

Upon discovering the
existence of a parasitoid,
I pursued it

in search of
its primary host.

My investigation
led me from the knight's
blackhorn remains all the
way to His Royal Highness,
the King himself.

*The knight mentioned here was the knight's champion.

Sensing the opportunity
afforded by this investigation,

I have been biding my time,
waiting for the moment to strike...

But, I'm a vessel candidate?

That's the reason
she didn't attack me?

BOOM

What a farce!

BOOM

The king has been
dormant for over a decade.

Does she hope to
confound me by saying
such a thing?

**THE BLACK MIRAGE
BEASTS ARE GATHERING
TO THE EAST!**

I need to confirm whether
the king is the parasitoid's
primary body or not.

in order to predict
how it will stir the next.

And if I really am...

REFORM THE FRONTLINES!
WE'RE MOVING OUT!

Did she come to save me?

I've told you that
your ability to move things
will not work on me.

How annoying.

If you continue
to interfere,
I'll sever this girl's limbs,
one by one.

The humans
may not believe so,
but to the Alcorn,

a Ryemore's safety is
of utmost importance.

Ishtar Richard?
What's the Marchioness
doing amidst the

And what's
with her eyes?

did you really expect
to execute your coup
without opposition?

After the capital's collapse,

I attempted to monitor
the king's movements,

but my reconnaissance
yielded no results since
his retreat to Tatarang.

It's as if he perished...

You've resorted to using black eye Soures. Both you and Faked the First are way past your prime.

Desperate, are you?

The reason your martial authority has degenerated

is due to your inability to contract special grade dragon artifacts without relying on stimulants like black eye, unlike before.

I can understand why you came here – sneaking around like a rat.

What should I do? Mr. Kame doesn't seem to be conscious.

Foolish child!
I've had enough of
your arrogance!

Imagi, take command
of the Black Mirage Beasts
and annihilate this
insurrectionist!

If I'm taken away now,
I probably won't be able
to help the others.

REANA FORTE!

TAP

I accept your conditions.

**YOU HANDLE THAT
CRAZY IMUGH!**

...WHAT?!

I can speak?!

BOOM

MS. KARIN!

Place your hand over her head and say,

Purify.
